Material Patching Social

If you've ever wanted to play with masonry repair materials in a low-stress environment, now is your opportunity! APTWGLC is collaborating with Henry Frerk Sons to sponsor an evening of socializing and masonry patching. Come out to play with masonry patching materials and terra cotta glazes while socializing with your peers. Specialists will be on-hand to answer technical questions.

Remember to wear comfortable clothing and closed-toe shoes that you don't mind getting dirty.

We hope to see you there!
